# VALORA IS NOW AN APPROVED VERIFIER FOR THE HIGG INDEX!

VALORA has been recently accredited by the Sustainable Apparel Coalition (SAC) as an Approved Verifier. Our team has been trained and recognized by the SAC to conduct Higg Index verifications in EMEA and LATAM countries. We are now able to offer offsite and onsite verifications of the Higg Index Facilities Environmental Module.

We have been actively participating in SAC since 2011. Our extensive knowledge on the SAC initiative and its different tools allow us to offer high quality adoption and rollout services to brands, retailers and manufacturers. We are an SAC Affiliate Member since 2014, providing assistance in Higg Index Strategy, Higg Index Adoption and Supply Chain Engagement.

*The Sustainable Apparel Coalition is a trade organization comprised of brands, retailers, manufacturers, government, and non-governmental organizations and academic experts, representing more than a third of the global apparel and footwear market. SAC currently represents over 30% of the global market share of the apparel & footwear industries. The Coalition is working to reduce the environmental and social impacts of apparel and footwear products around the world.*

*The focus of the Sustainable Apparel Coalition is The Higg Index – a suite of assessment tools that standardizes the measurement of the environmental and social impacts of apparel and footwear products across the product lifecycle and throughout the value chain. On December 11, 2013 the Sustainable Apparel Coalition unveiled an updated version of the Higg Index.*
